Thanks to all those colleagues who have already submitted a contribution to the **9th European Congress of Chemical Engineering (ECCE9)** and **2nd European Conference of Applied Biotechnology (ECAB2)**, including the European Process Intensification Conference (EPIC).

The theme of "**Shaping a Sustainable Future: a Partnership of Academia, Industry and Society**" is attracting submissions from the widest spheres of chemical engineering.

But we want more.

This is your opportunity to contribute to The Event of the Year, taking place in the Netherlands from **21-25 April 2013** in **The Hague**.

We are extending the deadline for submission of abstracts to December 10, 2012.

A poster or oral presentation will offer the perfect platform to showcase your work with the worldwide community in Chemical and Biochemical Engineering. We welcome submissions from individuals and industrial partners. Abstracts should be max 500 words (= 1 side of A4).

More information is available in the [online guidelines](#) .
