

ECCE 15 & ECAB 8 - / Deadline Call for Papers / Nominations for Danckwerts Lecture / Student Mobility Award / Silver Sponsors

**15th European Congress of Chemical Engineering
8th European Congress of Applied Biotechnology
together with CIBIQ – 3rd Iberoamerican Congress on Chemical Engineering**

Dear Reader,

The joint ECCE/ECAB conference (Lisbon, 8 - 10 September 2025) will once again offer a top-class scientific programme on technological solutions to the major challenges of the sustainable development goals (SDGs).

Experts from chemical engineering, biotechnology and other relevant disciplines are invited to submit abstracts of their R&D for the programme. Contributions ranging from fundamental research to the industrial implementation of technologies are welcome.

The deadline for submission of papers is 14 February.

The core topics are:

- Digital Transition, Artificial Intelligence – Applications, Impacts and Implications on Biochemical and Chemical Engineering
- Education and Training next Generations (ESBES & EFCE legacy for Climate Neutrality)
- Energy Transition and Circular (Bio-)Economy
- Health and (Bio-)Pharma
- Novel Foods and Food Processing
- Towards Net Zero and Climate Neutrality
- Chemical Engineering and Applied Biotechnologies fundamentals

Please find the complete **list of topics** and a lot more information on the **conference website**. We are looking forward to receiving your contributions and welcoming you to the conference.

The 2025 P.V. Danckwerts Memorial Lecture is now open for nominations!

We are pleased to invite you to submit a nomination. Nominees are expected to have made very strong contributions to research and its application in practice, and to be

recognised as an international authority in their field. They should be able to give a great lecture that is appropriate to the aim and scope of the journal Chemical Engineering Science. Deadline for nominations is January 31, 2025.

For more information or to nominate a candidate, please visit the [iChemE website](#).

Applications for the Student Mobility Award

The European Federation of Chemical Engineering (EFCE) invites applications for its 2025 Student Mobility Award, recognizing top European chemical engineering students who have studied abroad. Prizes are €2,000, €1,500, and €1,000, awarded at ECCE15 & ECAB8, with a travel grant of up to €500. Eligible students must have completed at least one semester (≥ 30 ECTU) in chemical engineering in two or more countries. Apply by March 1, 2025. Details: [EFCE website](#).

Silver Sponsors

We are proud that BASF and fluitec are supporting ECCE/ECAB 2025 in Lisbon as Silver Sponsors!

Please visit our [website](#) for more information on sponsoring and presenting your company in the exhibition.

Stay Informed: For the latest updates and information about the conference, please check our official conference website regularly.

Looking forward to seeing you in Lisbon,

Your ECCE/ECAB 2025 Organising Team

DECHEMA Gesellschaft für Chemische Technik und Biotechnologie e.V.
